PROFILE

I'm a Creative web developer and UI/UX Designer from Hyderabad, India, working in web development.I have one year experienced on front end development on technology based and past seven months i started working on a tool based like wordpress and OjS, also full stack development on PHP.I will be enjoying turning complex problems into simple, beautiful, and intuitive designs.My job is to build a website, which is functional and user-friendly at the same time attractive.
Moreover, I will be adding a personal touch to the product and making sure that is eye-catching and easy to use.I aim to bring across your message and identity in the most creative way.

WORK EXPERIENCE AND INTERNSHIPS

Web Developer

SunRise Enterprises   Nov 2022 - Aug 2023

- Managed the Development and Maintenance of client side applications
- Developed user interface with modern Java script frame works, HTML5 and CSS3,Which improves user satisfaction.

KARTHIK KUMAR

WEB DEVELOPER

I am writing to apply for your job application role in your company. I am a hard-working and determined professional seeking an opportunity to succeed in a dynamic company such as yours.

I have completed my BSC in MSCs from Government Arts & Science College. My keen interest in Web Programming has enabled me to develop a good knowledge of software development. That enhanced my technical capacity and performance. However, I can assure you that I am a quick learner and adaptive to any technology.

I firmly believe that I can make a positive contribution to your company and I have enclosed my resume to provide more information on my skills and experience. I would welcome the opportunity to meet you for an in-depth discussion and I will make myself available at your first convenience.

SINCERELY,

karthik kumar
